

**Curriculum Vitae
PAUL BRIDGE**

BSc MAppSc MIEAust CPEng MAAS

Position	Manager (Orange), Wilkinson Murray
Qualifications & Affiliations	Bachelor of Science Master of Applied Science Member of Institution of Engineers Chartered Professional Engineer Member of the Australian Acoustical Society
Special Expertise	Building Acoustics Noise Assessment and Control
Employment History	<p>Over 25 years experience in the acoustics industry. Initially introducing the new Noise Control Act whilst working for the NSW Department of Environment & Conservation (DEC) in 1976. Following this, Paul worked as a consultant for Peter R. Knowland & Associates, then Wilkinson Murray Pty Limited, followed by a period working for Sandy Brown & Associates in London. During this period Paul worked on the ABC Radio Studios, Sydney, which were designed in the United Kingdom. After returning to Australia, Paul managed Eden Dynamics prior to returning to Wilkinson Murray Pty Limited.</p> <p>Paul took a sabbatical to run a wine business and also operated Indigo Acoustics in Orange. Wilkinson Murray bought this business in 2011 and Paul runs the Orange office and now specialises in building and environmental acoustics.</p>
